

Weekly Construction Update: October 6, 2010

CTH N Interchange at I-94 (Madison – Milw. Rd) Dane County

Weekly updates are intended to inform you of the planned operations that the contractor provides. The contractor is as accurate as possible with these updated schedules; however, unforeseen delays or accelerations in the schedule sometimes occur.

Plan of operations for the week of 10/11/10:

- Grading operations will continue along CTH TT and at the intersection with CTH N.
- Installation of storm sewer will begin along CTH N & CTH TT and may include crossing of the roadways. The roadways will remain open with flagging operations directing traffic around the excavations.
- Flagging operations along CTH N, will occur between 9:00 am and 3:00 pm and/or from 6:00 pm to 6:00 am for various construction operations in the vicinity of the interstate bridges. Delays should be limited.

Plan of operations for the week of 10/18/10:

- Grading operations will continue along CTH TT and at the intersection with CTH N.
- Installation of storm sewer will continue along CTH N & CTH TT and may include crossing of the roadways. The roadways will remain open with flagging operations directing traffic around the excavations.
- Flagging operations along CTH N, will occur between 9:00 am and 3:00 pm and/or from 6:00 pm to 6:00 am for various construction operations in the vicinity of the interstate bridges. Delays should be limited.
